Sara Grambach Promoted to
Chief Development & Community Engagement Officer

Duffy Health Center is pleased to announce that Sara Grambach has been promoted to Chief Development & Community Engagement Officer.

Sara joined Duffy four years ago as the agency's Director of Development & Community Relations. A member of Duffy's senior leadership team, she directs all fundraising efforts, including donor prospecting, cultivation, stewardship, events, and programs. She collaborates closely with community organizations and agencies across the Cape, developing relationships to impart knowledge about Duffy's work and homelessness in our community, as well as to develop strategic relationships to further the agency's mission.

Sara co-chairs Duffy's Diversity, Equity, and Inclusion Committee, chairs the agency's Advocacy Committee, and is staff liaison to the agency's Consumer Advisory Board. She is a former Barnstable Town Councilor and former member of CCYP's board of directors. She holds a BA in Journalism from the University of Georgia and an MS in Health Communications from Tufts University School of Medicine. Last fall she completed the National Association of Community Health Center's Advocacy Leadership Program and is currently completing a certificate program in Community Health Center Management through the Massachusetts League of Community Health Centers and Suffolk University's Sawyer Business School.
